## Why You Should Support CLS!

Crooked Lake Sailors seeks to provide sailing classes to all area youths, and provides financial support to many who could not otherwise afford to attend

CLS relies heavily upon financial support from area residents, Yacht Club members and others to provide these funds

We are fortunate to enjoy an experienced and growing number of young instructors that we employ to provide the very best instruction possible. We also continue to invest in new equipment and infrastructure to help make CLS arguably the most productive youth and adult sailing classes in this area.

We need and appreciate your support!
